Banther Consulting

Tarpon Springs, FL 34689-3436

Ladies and Gentlemen:

It is my pleasure to recommend Dr. Barry Banther as a speaker and consultant for your group. Dr. Banther recently spoke at our Family Physician conference, and was consistently rated as one of the best speakers of the week. His presentation was compulsively prepared, with the needs of both the audience and the conference clearly in mind. The talk was delivered flawlessly, and was appropriately punctuated with humor. Dr. Banther obviously understands the stress and complexity of medical practice, and speaks to those issues with great wit, compassion, and practicality. I enthusiastically give him my highest recommendation.

Sincerely,

John W. Carnes, Ph.D.
Associate Director, Family Practice Residency
Bayfront Medical Center
