To whom it may concern,

This letter is to recommend the consulting services of Dr. Barry Banther. For over a year our ministry struggled with how to properly make a leadership transition. For 56 years our organization had been led by the original Founder/President. The Board, recognizing the need for new leadership, faced the daunting task of replacing the President while keeping him and his wife involved in the ministry, formulating a plan to relocate the headquarters and assuring the staff and supporters that the ministry is well and moving forward.

At our request, Dr. Banther attended our Board meeting and demonstrated knowledge, experience and expertise in helping us understand the difficult and delicate nature of this kind of transition and clearly explained the steps necessary for an effective transition. Through his counsel and recommendations the transition is taking place, relationships remain intact and the ministry is moving forward.

Our appreciation and praise of Dr. Banther's warmth and wisdom compel us to write on his behalf that others may reap the benefit of his counsel.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Jones". The signature is written in a cursive style and is positioned above the typed name.
