Dear Barry:

Thank you so very much for the outstanding Long Range Planning meeting you conducted for us last weekend. I think my Board was impressed and certainly everyone left feeling inspired and energized. I'm looking forward to building on the things we accomplished. I hope the momentum continues.

It was such a pleasure meeting and working with you. Bev Costa in your office assured me that I would not be disappointed. That turned out to be an understatement. You were delightful and so upbeat and positive. You're an inspiration for both my personal and professional life.

I sincerely hope that we have an opportunity to work together again sometime in the future. Best wishes.

Sincerely,

  
Kathryn L. Bradley
