Dear Dr. Banther,

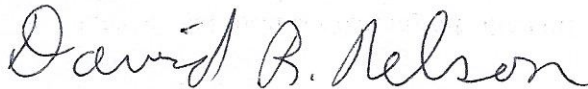

On behalf of the conference committee, we would like to thank you for your wonderful contribution to our 2010 BayCare Medical Imaging Conference. We found you to be a pleasure to work with and your suggestions and flexibility helped us tremendously in planning for our two day event. On a personal note, we were all inspired by your presentations.

We would like to share the feedback we received from those in attendance. It is not often that we get 100% "exceeded our expectations" from the group. I would like to share a few of the verbatim that we pulled from the conference evaluation forms:

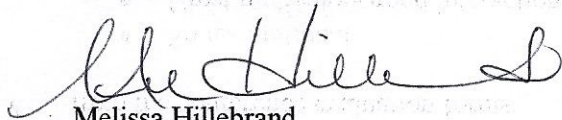

- So inspirational
- Great motivator- good interaction
- Made you think
- Encouraging, best speaker ever
- Wonderful, inspiring, awesome
- Exceptional speaker- kept my attention the entire time
- Message was both uplifting and motivational
- Learned a lot, will help me make decisions for action
- Challenges us to think outside the box, to become a better person
- Pleasure to listen to, he gave me hope
- Bring him back!

We were honored to have you with us as you played such an integral part in our conference's success.

Sincerely,

Dave Nelson
