Dear Mr. Banther:

What a wonderful training session we had with you! Your presentation at our recent "Training Conference for the Sheriff's Assistant" was the highlight of the entire three-day conference.

Personally, I couldn't wait to get back to Tallahassee and sit down quietly with my report. At first glance, I decided I really liked this person I have become. After studying the entire report, I realized that while I definitely do like Marti, there is room for improvement. Knowing where those improvements need to be made is very empowering. I am having a lot of fun and have quite a sense of accomplishment as I recognize my strengths and make a concerted effort to strengthen my weak areas.

On behalf of our Florida Sheriffs and their Assistants, I thank you for making it possible to include your presentation on our conference agenda. This could be the beginning of some great success stories!

I am encouraging our Director of Administration, Peggy Goff, to speak with you regarding our annual "Administrative Management Training Seminar". I feel your presentation would be very valuable to everyone who participates in this program.

Sincerely,

Gary E. Perkins
