"Making New Disciples and Multiplying New Churches for God's Kingdom"

Ed Gilman
Director/Team Leader

egilman@tampabay.rr.com

April 3, 2007

To Whom It May Concern:

The Suncoast Baptist Association, an organization consisting of approximately 80 churches in Pinellas and Southern Pasco Counties of Florida, and representatives of these churches have been privileged to have Dr. Barry Banther speak at functions over the past several years.

It was certainly a pleasure to have Dr. Banther with us as a guest speaker some months ago at a banquet for the ministers and their wives of the Suncoast Baptist Association. His presentation was extraordinarily entertaining and motivational. He related stories of interest to our particular group, and challenged them professionally and inspirationally. He also displayed the unique ability to maintain everyone's interest throughout the entire talk. Comments from those present were very positive.

His professional presentation and ability to relate to individuals is most impressive. I would recommend Dr. Barry Banther to other businesses, both secular and religious for conferences, banquets, or any event that calls for a first class speaker and communicator.

Very truly yours,

Ed Gilman, Director
Suncoast Baptist Association
